

# Take the first step to weight-loss medication coverage

Veolia has partnered with Omada®, a virtual health program that helps members create healthier habits to achieve long-lasting results and keep a healthy lifestyle. By joining Omada, **certain weight-loss medications may be covered** through Express Scripts® Pharmacy Benefit Services if you are clinically eligible\* and when you meet program requirements:\*

1. Use the Omada app four times within a 30-day period by doing lessons or engaging with your health coach, peer group or online community.
2. Weigh in four times within a 30-day period using the smart scale provided by Omada or entering your weight manually through the Omada app or website.

The best part? **Omada is no additional cost to you.**

## Applying for Omada takes less than 5 minutes

1. Complete the application at [www.omadahealth.com/esi](http://www.omadahealth.com/esi)
2. Receive a welcome kit with a smart scale (yours to keep).
3. Meet your personal Omada health coach.
4. Start making small changes and seeing progress.

Omada is \$0 cost to you

## With Omada, you get:

✔ A personal health coach to support your weight-loss journey

Motivation from a peer group and online communities

📱 Easy monitoring with a smart scale (you keep)

Tools to support you in achieving long-term goals

The EncircleRx<sup>SM</sup> program starts January 2026!

\*Clinical eligibility may differ between Express Scripts and Omada. Omada is available at no additional cost to you. Your health plan benefits may require you to pay out-of-pocket costs for your medication and meet additional requirements for medication coverage.
